EXPERT BRA

- The Expert bra has a four-stage hook-and-eye closure, which provides a much wider range of bra fit. The hooks are also wider, which prevents the sides of the bra from rolling off, and stabilizes the girth in the bavette keeping the bra in the right place.
- It gathers the bust more firmly inward due to the innovative cup embossing.
- Special construction in the central part provides better bust stabilization (no risk of bust falling out).
- The side underwires are closer to the reinforcements (wires), which provides a visually even side appearance. The side part is not twisted.
- The cup effectively covers the bust.
